## Job Vacancy – Sevenoaks, Kent

Down the Line Group are a leading water treatment and hygiene company. With 25 years of industry experience we offer innovative and bespoke solutions to our clients based nationwide. Our aim is to ensure our clients have access to the latest technologies and leading environmental solutions to optimise the quality of their water, resulting in increased efficiency and extending plant life.

Job Title: **Experienced Plumber/Water Treatment Engineer**

Location: **based at Sevenoaks predominantly covering Kent, London and South East**

**Role - Experienced engineer to carry out water hygiene tasks for legionella control, pipework modifications, plant and equipment installations**

### Company benefits

Company pension scheme from day 1 of employment  
Overtime available  
Free on-site parking  
Private health insurance  
Life insurance  
Use of a company vehicle

### Short job description: -

An experienced and qualified plumber or water treatment engineer who has demonstrable experience in a commercial environment. Experience in legionella control of hot and cold-water systems is desirable.

A highly motivated individual, willing to work hard and learn through our ongoing training program. You will be an extremely diligent person, who is fully committed to ensure that our clients receive a professional service, with the highest standards of customer service.

**A driving licence is essential for this role.**

### Tasks will include:

- Carrying out plumbing and remedial work, in line with company procedures and method statements.

- Ensure all work records and forms are complete and accurate using app based software.
- Ensure all Health & Safety procedures are followed and recorded and are complete and accurate.
- Working within the guidance provided by ACOP L8/HTM 04-01, HSG274 and associated company documents, and guidance, to ensure that any plant worked on is safe and free from the risks presented by Legionella. Training will be given on these.
- Carry out water system monitoring, PPM works or installations on hot and cold water systems.

The company operates nationally, although predominantly in the South East. A willingness to travel and stay away at times is required. All costs associated with travel are paid for.

#### **Experience required: -**

- A minimum of 3 years plumbing/water treatment experience
- Experience of working in a team
- Experience of working in a flexible way, to meet adhoc demands and needs
- Knowledge of MS Office and reporting

#### **Desirable Experience**

- Water treatment/legionella control
- Experience in working in a commercial environment preferred but not essential

#### **Personal Attributes**

Applicants must also demonstrate the following personal attributes:

- Be respectful of others
- Good strong work ethic and excellent time management
- Professional attitude and calm approach
- Flexible approach, willingness to adapt
- High standards of conduct

#### **Qualifications/Skills**

GCSE in English and Maths - Minimum Grade 4 or equivalent.  
NVQ Level 2 or above in Plumbing, or City & Guilds in Plumbing  
Problem solving skills  
Excellent customer service and communication skills

#### **Desirable Skills**

Water regulations (WRAS)  
Unvented hot water system qualification (G3)  
Legionella awareness.
